Presbyterian Church in America

Mission to North America

Mission

That Jesus Christ, by His grace and for His glory, will ignite an indigenous, Reformed movement in the African American community that is Biblically based, Gospel illuminated, Grace oriented, and Spirit filled.

Vision

- To see increasing numbers of people come to faith in Jesus Christ.
- To see churches planted that preach, teach, and equip people to understand and apply the doctrines of grace.
- To see a modern day reformation and revival of faith and hope in the African American community.

Goals

- Increase the numbers of African Americans being trained at theologically reformed seminaries.
- Create Internships/Apprenticeships at PCA and reformed churches.
- Start college campus ministries with a special focus on Historically Black Colleges
- Plant churches and develop ministries that share in the vision.
- Find ministry opportunities for African American leaders and seminary graduates.
- Raise funds to assist in leadership development, theological education, and church planter training.
